CONVENTION NEWS.

The Prohibitionists Meet at Cincinnati —The Iowa Republicans Put a Ticket to the Field.

CINCINNATI, Ohio, June 29.—The Music hall of the Queen City has been the scene of many notable gatherings that has left its impress upon the history of the state and of the country, but never has it held a more determined, earnest and enthusiastic meeting of men and women than that which assembled under its big dome this morning. The local committee had done its work well. Bunting entwined and hooped in graceful folds, ran from pillar to pillar between the balcony and the roof, crossing the intervening spaces in picturesque arches.

By 10 o'clock every delegation was in its place, and with their banners and flags and bright hued badges, and the life, energy and enthusiasm that they manifested on the floor, was one of inspiration. At 10:25 Chairman Dickie called the convention to order and introduced Rev. G. Evans, of Illinois, to lead the convention in prayer.

Dr. Evans closed with an earnest appeal for the blessing of heaven on the convention.

Rev. Dr. Lockwood, pastor of the First Baptist church, was introduced and delivered the address of welcome. Chairman Dickie made a reply. The national committee reported John H. St. John, of Kansas, for temporary chairman. On the motion of the name of the ex-presidential candidate the convention made a ball ring with cheers. When order had been restored the ex-governor spoke.

ST. JOHN'S SPEECH

I return my sincere thanks, and shall ever be grateful for the distinguished honor of being chosen to preside as temporary chairman of this magnificient political convention, the greatest and the grandest in sobriety, moral force and brain power that ever convened on American soil. It represents a party that dares to do right because it is right and condemns the wrong, because it is wrong. It seeks the peace, prosperity and happiness to every home, and death to every saloon in the land. It demands for women equal pay in the shop and equal suffrage at the polls. A free lot for the white men of Pennsylvania, Ohio and Iowa, as well as for the black men of Mississippi, Iowa and South Carolina. The people, east and west, black and white, male or fem, every human being should have protection to life and property. The expenses of government should be levied upon the wealth instead of the necessaries of the people. We claim that any system which imposes a high tariff on the food, fuel and clothing of the poor and lets the diamonds of the rich come in free, is legalized robbery under the guise of protection, and ought to be forever abolished.

We claim that railroad and telegraph lines should be under the control of the government, to be operated at cost in the interest of all the people, that the president, vice-president and United States senators should be elected by a direct vote of the people, and that the term for president be extended to six years; that all monopolies which oppress the people ought to be suppressed; that the legalized traffic for beverage purposes ought to be made a crime against humanity and driven from the face of the earth. The prohibition party is the only party that dares to fight this mightiest curse in the world. Here we are, and we have come to stay. From this hour on let no fusion, no policy of expediency come in our way. Let our platform be so broad, clean and comprehensive that all who love God, or home, or country, can join in the procession against the greatest monopoly that ever existed. It destroys 500,000 lives and costs $1,500,000,000 annually, and sends misery, poverty, crime and heartache broadcast among the people. The product of democratic and republican rule, it is a damning blot upon our civilization and a sin against God. We are ready to move on to victory.

Repeated applause punctuated the address, especially the references to the platform and the question of nonfusion. A. G. Wolfenber, of Nebraska, A. J. Wilson and G. F. Stevens, of Massachusetts, were made temporary secretaries. A motion to adopt the rules of the last convention as amended by the national committee, was carried.

IOWA REPUBLICANS NAME A TICKET.

DES MOINES, Ia., June 29.—The republican state convention for the nomination of presidential electors, secretary of state, auditor of state, treasurer of state, attorney-general and railroad commissioner was called to order at 11 o'clock this morning in the Grand opera house, which was profusely decorated with flags and portraits of republican leaders. The convention was called to order by Chairman Edgar W. Mack, of the state committee, who, after prayer by the convention chaplain, introduced Hon. B. R. Huff, of Muscatine, as the temporary chairman.

"I sincerely thank you," said Mr. Huff, "for the honor conferred upon me at this time, and I speak my heart when I say that I would rather be temporary chairman of a republican convention for four years than to be democratic governor of Iowa for four years."

The roll of districts was called for the appointment of committee and district electors and the convention took a recess for dinner. Secretary of State McFarland, Treasurer Beeson and Attorney General Stone, will be renominated without opposition. Their will be a spirited contest for the offices of auditor and railroad commissioner. The platform will endorse Harrison and Reid, and the Minneapolis platform, and will ignore state issues in spite of the demands of the prohibition and anti monopoly elements of the party.

MEETING OF REPUBLICAN CLUBS.

RICHMOND, N. Y., June 29.—A few minutes after 10 o'clock this morning, when President McAlpin and Secretary Hedges came into the convention hall, there were not fifty delegates to the state republican league convention in their seats. The executive committee of the league has decided to give Secretary Job E. Hedges the $4,000 salary which he asked as a condition of continuing in office. He will be re-elected. President McAlpin has decided to accept a re-election also.

The platform adopted by the league of republican clubs today congratulates the lovers of good government on the bright prospects of a continuation of the national administration as now conducted by President Harrison. After endorsing the national republican platform, the platform goes on to say that

In the organization of the American College Republican league the young republicans in the colleges and universities of the nation have performed an act which merits and receives our hearty commendation and congratulations and furthermore that we cordially welcome them to an active participation in the affairs of state. Recognizing, as we do, the fact that a large number of women are employed in the factories of this country, which are shielded by a protective tariff from ruinous competition, and recognizing the great influence which women exert upon moral and political questions therefore, be it

Resolved, That we urge the hearty cooperation of all women in the great conflict in which we are now engaged for the protection of our homes and firesides, and to this end we invite their assistance.

An amendment to the platform was adopted on motion of Mr. Cleary, of the Irish Republican club, of Cortland, that it is the sense of the convention that it is the duty of every American citizen to make the demand for home manufactured articles. Mr. Cleary said, in advocating his amendment, that he would not buy a pair of French calf shoes for ten cents. The negro delegates to the convention have issued a call for a state convention of colored republicans in Brooklyn, August 15. Mrs. J. Ellis Foster, of the Woman's Republican association of the United States, was introduced and delivered a stirring address.

TWO MURDERS.

A Young Husband Shot in the Presence of His Wife—A Doctor Killed by a Texan.

SAN ANTONIO, Texas, June 29.—Gordon Bennet was shot through the body by John Good at Alpine, a small town 500 miles west of here, yesterday. Bennet returned the fire and wounded Good in the hip. Bennet may die. The trouble between the men arose over the marriage of Bennet to Miss Josie Darling on Monday. Good is a friend of the Darling family. He met the couple yesterday and remarked, "Well, Josie, you have got a man at last." The bridegroom immediately reached for his hip pocket and Good who is an old timer, reached for his hip. But one shot was exchanged. The wife threw herself upon the prostrate body of her husband, and when torn from him was covered with blood. Good, it is said, was an ardent suitor for the girl.

DENISON, Texas, June 29.—E. W. Harris, editor of the Greenville Herald, while driving with his brother yesterday, met Dr. Y. K. Yowell, late of Greenville, on the road with Detective J. M. Davis. On seeing the Harris brothers Dr. Yowell fired at them twice and then ran. E. W. Harris drew a careful sight along his winchester at the flying figure and shot Dr. Yowell dead with a bullet through the heart. It is alleged that Yowell was ruining Harris' home.

NO CHANGE.

The Situation in Cleveland Street Car Circles Remains the Same.

CLEVELAND, Ohio, June 29.—There is no change from yesterday in the street railroad strike. The East Cleveland company has about the same number of cars running that were started yesterday, while no efforts to re-sume operations on any of the other lines have been made. The strikers still maintain a solid front and claim that they expect to win. The companies have thus far been unable to get new men, otherwise cars might be running, as there is plenty of police protection to prevent trouble.

LIBEL SUIT.

Leonard Hinkle Sued for $10,000 Damages—A Political Affair.

INDIANAPOLIS, June 29.—Capt. Eli F. Ritter, a prominent member of the prohibition party, yesterday brought suit against Leonard Hinkle, formerly chairman of the Marion county prohibition committee, demanding $10,000 for libel. Hinkle, it is alleged, caused to be printed and distributed circulars that stated that Ritter was the most unprincipled of men and one of the greatest scoundrels that he had ever had any business dealings with.

WILDER DEAD.

The Railway Mail Superintendent Succumbs to Dropsy.

CHEROKEE, Wis., June 29.—James Wilder died suddenly last evening at his home in West Algoma, of dropsy, aged sixty-three years. He was at one time postmaster of the state senate and at the time of his death was superintendent of all the United States railway mail business of the Rocky mountains.

CHARGED WITH MURDER.

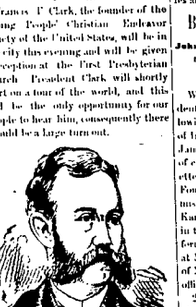
Mellissa Cook Administers Poison to Her Rival.

WHEELING, W. Va., June 29.—Mrs. Melissa Cook, of Boone county, is in jail charged with the murder of Mrs. Sarah Grunnell by giving her a dose of poison with her food. The crime is attributed to jealousy.

WILL BE HERE TONIGHT.

Francis E. Clark, Founder of the Christian Endeavor Society, to Speak to the City.

Francis E. Clark, the founder of the Young People' Christian Endeavor society of the United States, will be in the city this evening and will be given a reception at the First Presbyterian church. President Clark will shortly start on a tour of the world, and this will be the only opportunity for our people to hear him, consequently there should be a large turn out.



FRANCIS E. CLARK

Francis E. Clark, president and founder of the Society of Christian Endeavor, is a Massachusetts man, and will be the leading light of the great national Christian Endeavor convention which will be held in Madison Square Garden and in two of the leading churches of New York from July 7 to 10. Through the efforts of President Clark the society has rapidly grown since its foundation, until today it has a membership of nearly 1,500,000. Thirty thousand delegates will take part in the convention, which will include the leading preachers of all protestant churches of the country and the greatest educators of the land. President Clark is also the editor of the society's paper, The Golden Rule, in which he gives weekly instruction to the members of the societies throughout the country. The annual address of President Clark will be delivered at Madison Square Garden at the evening session July 7.

THE SENTIMENT CHANGING.

Frenchmen Now Look Upon Captain Borup With Leniency.

PARIS, June 21.—Public feeling regarding the charges against Captain Borup, late military attache of the American legation, is beginning to quiet down. There is a general disposition to accept as true his statement that whatever information procured was procured for the war department in Washington, and that, if the plans of the French government were betrayed to Germany and Italy, Captain Borup had nothing to do with it. The prompt action of the American government in the matter has also tended to allay the popular indignation aroused at first by the charge. The Figaro says today that if Captain Borup acted in the interests of Germany and Italy he has been guilty of a most grave abuse of the hospitality of France, but if he acted solely in behalf of the government at Washington then he can procure absolution by invoking the precedents for his conduct in the case of other military attaches. Captain Borup's superiors at Washington, says the Figaro, probably did not expect him to use his efforts to obtain valuable military information, although they would undoubtedly consume his folly in allowing himself being discovered.

BANK THIEVES.

Each Day Brings New Revelations of Fraud at Buffalo.

BUFFALO, N. Y., June 29.—Ex-Teller McCredie, of the National Savings bank, surrendered himself last night on the charge of forgery, preferred against him by a depositor. Bail was fixed at $5,000, which was furnished, and McCredie was released. Cashier Armstrong is still in jail, not having been able to secure bail. Each day brings new revelations of fraud in the affairs of the bank, and yesterday's discoveries were as great as those of any previous day since the investigation began. Chief Bank Examiner Judson has ceased to talk about the bank's condition and this adds to the conviction that it is more deplorable than has yet been estimated. He did say last night, however, that the sum was the worst case that he had any knowledge of during a long experience of twenty-five years.

GAS EXPLOSION.

Two Men Painfully Injured by the Festive Fuel.

COLUMBUS, Ohio, June 29.—Escaping natural gas caused an explosion in the confectionery store of Robert Dent, 17 East State street, at 7:30 this morning. The explosion ignited a quantity of fire works and there was a violent fusilade for several minutes. Daniel Cramer was blown into the back yard, his face and body badly burned and bruised, but not fatally. The front door was hurled from its hinges and Robert Dent, jr. who was just entering, was thrown into the street, but not seriously injured. Loss about $1,000.

A SHOCKING FALL.

Two Workmen Precipitated from Niagara Suspension Bridge.

NIAGARA FALLS, N. Y., June 27.—A shocking fall occurred here yesterday. Painters were busy on the tower of the new suspension bridge on the Canadian side when a piece of scantling support-ing way fell, on which were Stephen Dudley and Charles Johnson broke. Dudley pitched headforemost down the dizzy height, fully 100 feet, to the stone foundations of the tower and was smashed to pieces. His head was simply a mass of pulp and broke the heavy stone where he struck. Johnson fortunately caught one of the guy cables and saved himself.

BLAINE'S SUCCESSOR.

John W. Foster Nominated for the Office—the Utah Commissioners' Salary Discussed.

WASHINGTON, June 29.—The president sent to the senate today the following nominations: John W. Foster, of Indiana, to be secretary of state. James Lotan, of Oregon, to be collector of customs for the district of Willamette Oregon. Captain A. L. Smith, Fourth cavalry, to be captain and commissary of subsistence. A. D. Dodge, of Kansas, to be a professor of mathematics in the navy. F. J. Sherwood, of California, to be receiver of public moneys, at Marysville, California. F. W. Boggs, of Nebraska, to be minister of land office, at Neligh, Neb.

2:30 p. m.—The senate has confirmed the nomination of John W. Foster as secretary of state.

In the senate today, Mr. Davis, of Minnesota, from the committee on foreign relations, reported favorably the Canadian relation bill introduced by himself the other day, entitled "A bill to secure certain reciprocal advantages to citizens, ports and vessels of the United States." Mr. Hale presented an elaborate conference report on the diplomatic and consular bill, which was agreed to.

The senate, after the conclusion of routine business, on a motion of Mr. Allison, resumed consideration of the legislative, executive and judicial appropriation bill, the pending question being on the retention of the Utah commission. The house provision clause abolishing the Utah commission was stricken out by a vote of 28 to 21. Mr. Joseph, of Arkansas, was the only democrat who voted to retain the commission. Messrs. Felton, California, and Carey and Warren, Idaho, republicans, voted for its abolition. Mr. Carey moved to reduce the salaries of the commissioners from $5,000 to $3,000, and at the suggestion of Mr. Sherman, who said the necessity for commissioners had now passed, he further said the amount should be reduced to $2,000. This amendment was adopted. On motion of Mr. Carrey it was also provided that commissioners hereafter to be appointed shall be residents of the territory of Utah.

In the house today Mr. Hatch submitted the agricultural appropriation bill and asked for a committee of conference, which was appointed. Mr. Outhwaite's motion of yesterday that the house insist upon its disagreement to the senate amendment to the army appropriation bill, respecting pay for transportation of troops on land aided railroads and ask for another conference, was agreed to. The next conference report was on the Indian appropriation bill. Mr. Rockwell, democrat of Ohio, explained its provisions.

The committee on foreign relations today reported favorably to the senate, Senator Davis' bill to provide for retaliation against Canada. It provides that when the president is satisfied that Canada discriminates in the matter of tolls as against American freight and passenger in Canadian canals and waterways he shall have the power and it shall be his duty to suspend the right of free passage through the St. Mary's falls canal to the subjects and vessels of the power discriminating against our subjects and freights. In such a case a charge of not over $2 a ton on freight and not over $5 per passenger shall be charged.

A SECOND ENOCH.

William Gorman, Supposed to be Dead, Turns Up Alive.

PITTSBURG, Pa., June 29.—William Gorman, who lived with his parents on Wylie avenue road, forty-three years ago, and who suddenly disappeared about that time, has been heard from. It was generally supposed at the time of his disappearance that he had been murdered by a young man who was his rival for the affections of a handsome young girl. His brothers, John and Daniel Gorman, continued to live in Pittsburg. Yesterday they received word from their missing brother who stated that he was a wealthy resident of Montana and invited his relatives, who are working men, to come and share his fortune.

AN INSANE MOTHER.

Throws Her Babe From the Window and Jumps After It.

BOSTON, June 29.—Last evening Mrs. Susan Sewall, aged twenty-two threw her nine-months old baby out of a tenstory window and jumped herself both being so badly injured that they died shortly afterward. Mrs. Sewall was a drinking woman, and was thought to be partly insane. Her husband was in the room at the time, but is not thought to have had anything to do with the woman's action.

Canada Weakens.

OTTAWA, Ont., June 29.—It is understood that at Saturday's meeting of the dominion cabinet the threatened retaliation by the United States government in the matter of canal tolls was discussed and a proposal forwarded to the United States government, through the British minister at Washington offering to concede much of President Harrison's claim.

Seized by the Sheriff.

NEW YORK, June 29.—The stock of the H. O. Bernard manufacturing company, dealers in straw goods, has been seized by the sheriff on attachments for $80,000 in favor of L. Teplitz.

MOUSNEST, THE BRUTE.

He Tied His Wife's Hands and Then Beat Her—Cullings From the Various Courts.

Gotlieb Mousnest a German laborer, was arraigned in police court this morning on the charge of drunkenness and beating his wife. Officer Hitchler, who made the arrest, furnished some sensational evidence, stating that last evening Mousnest tied his wife's hands with the cords of a hammock and then beat her. Neighbors interfered and chased the brutal husband from the house, whereupon he picked up a hatchet and hurled it at the door. Mousnest, while in liquor, has been known to enter his home on Holbrook street and drive the entire family from the house. He has been drinking heavily of late. The mayor gave him a sentence of fifteen days in jail.

IN THE COURTS.

Daniel Sweinhart, arrested by officer Lamb ready, and Ed Riley arrested by officer Eastman, both for drunkenness, were sent to jail this morning.

AN IMPORTANT SUIT.

An important suit, and one which will attract general interest, will come up for hearing in the superior court to-morrow. The case is that of Mrs. Anna Bayles vs. the Catholic Benevolent Legion to recover $2,000, the amount of a life insurance policy held by the husband of the plaintiff.

Mr. Bayles disappeared some time ago under circumstances which made him be considered as dead, but there is no positive proof of his death, and the Legion refused to turn over the amount called for in the policy. The officers of the local lodge, No. 92, who have been summoned to attend court are Thomas J. Scherer, president; Owen Barry, secretary, and J. J. Beeson, treasurer. Messrs. Leonard Ross are the plaintiff's attorneys, while the interests of the Legion are looked after by Attorney Wm. P. Breen.

LOOKS LIKE BLACKMAIL.

A Justice Charged with Taking Improper Liberties With a Girl.

NEW YORK, June 29.—The people of New Utrecht are considerably worked up over the charges made by Kate Kennedy, a servant who was formerly employed by Henry Endone, a liquor dealer, of Leffert's Park, that Justice John Konwenhoven attempted to take improper liberties with her A few days ago the young woman made an affidavit to the effect that she went to Konwenhoven last February to make a complaint of assault and battery against Mrs. Johnson of Bath Junction. Justice Konwenhoven requested her to go upstairs in his house with him if she wanted the warrant for Mrs. Johnson's arrest. As she started to sign the warrant, she alleges, the justice put his arm around her waist and threw her on his bed. She told him to let her go and tried to get away from him, which she finally did. She alleges he then said: "Don't say anything about this, I'll fix your case all right." Judge Konwenhoven denies the whole story and claims it is a conspiracy to blackmail him, and that Endone is at the back of it. Endone keeps a dance hall and garden in a very respectable neighborhood and his license was refused him last spring.

TO BE REPRODUCED.

The Famous Ekvarian Passion Play to be Shown at Chicago.

CHICAGO, June 29.—A strong syndicate representing men of influence and money in both Austria and the United States has been busily engaged for the past few weeks perfecting the preliminary plan for a dramatic enterprise which, if successful, will surpass anything in the line of dramatic production that has ever been attempted not only in Chicago, but in all the United States as well. The object of the syndicate is to produce in Chicago during the World's fair the Passion Play exactly in the manner that it has been enacted by the people of Ober-Ammergau, Bavaria, for centuries at intervals of ten years. Yesterday the secretary of state at Springfield granted a license incorporating "The Original Ober-Ammergau Passion Play Association," with a capital stock of $800,000. The names of the incorporators are Charles M. Rosenthal, Bernard Hoffman and Sigmund Zeisler.

INTO TRAINING QUARTERS

Go John L. Sullivan and Phillip Casey at Oyster Bay.

NEW YORK, June 29.—John L. Sullivan and his backer, Charles Johnson, had a little quarrel at Coney Island Monday night because of Johnson's unsteady habits of late, but the matter has been patched up by Sullivan promising to start at once for his training quarters. Sullivan will keep his word and starts today with his trainer, Phil Casey, for Oyster Bay to begin work. Casey and Sullivan will be constantly together from now until the big fight contest in New Orleans is decided.

BORN IN PRISON.

Mrs. Montague Gives Birth to a Fine Baby Boy.

LONDON, June 29.—Mrs. Annie Margaret Montague who is serving a secret one for one year for the manslaughter of her infant daughter, Mary Helen Montague, has been delivered of a son in prison. The mother eight sons all of them living, born to the Hon. and Mrs. Montague. Their only daughter was the little one done to death by the latter's own hands. Mrs. Montague has had nearly an average of one child every one and a half years since her marriage in 1869. The boys are all fine little fellows but several of them also have been most cruelly treated by the father, who has the most severe ideas of parental discipline.

WERE WELL PLEASED!

The Delegates to the Republican State Convention Speak in High Terms of Their Treatment in This City.

Fort Wayne entertained at least 2,000 visitors to the republican state convention which assembled in this city yesterday and we did it royally as all those present bear testimony.

Among the callers this morning at THE SENTINEL office were John F. Dowdy, the chairman of the republican state central committee, Frank E. Mc-Aleer, secretary, and R. E. Mansfield, secretary of the republican league of the state and each one of them spoke in the highest terms of praise in which the delegates were treated.

"We could not have been treated better," said Chairman Dowdy. "Everything was done that could have been done for entertainment and we are well pleased in the way in which we have been treated."

"Come again," said THE SENTINEL reporter.

"Well, I don't see why we should not," replied Mr. Mullikin, secretary. "For we have been entertained grandly. Your homes have been thrown open and all have united in making our visit a pleasant one."

"Fort Wayne is to be complimented at the way in which they have treated the delegates attending the convention, and R. E. Mansfield, the secretary of the state republican league, who called with the above named gentlemen said I want to thank you for the best man, Mr. Hugh T. Gay, of Connersville and the groom Paul Medsker of Brunson. The maid of honor was attired in a princess gown of primrose yellow crepe, bonneted in a design of satin studded feathers. A drooping yellow straw hat, trimmed with small yellow flowers completed the costume to which the last touch was added by a basket of yellow roses and smilax. The bridal robe was made of white brocaded satin, brocaded satin, finished with rigmes of preciousstrie. A white chip hat prettily covered with ostrich plumes, was worn upon the head. The bride carried a Cleopatra fan of ostrich plumes and a bridal bunch of carnations. After the ceremony was pronounced the party walked down the south aisle, followed by the four young ladies and relatives. They immediately repaired to the residence of Judge Lowry where a reception from 5 to 11 will be tendered them this evening.

The bride and groom are well known and both move in the world of culture. She has high education and accomplishments and has been a general favorite in society. Many will remember Mr. Lowry as the spry society writer for the News. She brings to the one who claimed her as his own an endowment better than riches—beautiful and intellectual womanhood. The groom is one of the leading educators of the city and renown promises to reward him well in his chosen field. THE SENTINEL joins with many friends in extending congratulations.

STANDARD HALL TONIGHT.

This evening at Standard hall will occur the marriage of Mr. Stokes, of Cleveland, to Miss Rodelsperger, the charming daughter of D. S. Rodelsperger, of Monroeville, Ind. It will be a brilliant affair and many guests from abroad will be present.

At the residence of Mrs. M. Ross, 18 Blackenridge street, at 9 o'clock this morning, her daughter, Kate A., was married to F. C. Tolan, the ceremony being performed by Rev. I. M. Boggs, pastor of the Third Presbyterian church. Taking their position beneath an arch of flowers the contracting parties made their sacred vows, plighting to each other the promises of lasting devotion according to the brief, though beautiful marriage service of the Presbyterian church. The ceremony was witnessed by relatives and the close friends of the bride and groom. Immediately after the congratulations a delicate luncheon was served by Caterer Seidel and soon thereafter the bridal couple left on the Columbian express for Chicago, where for a few days they will be registered at the Sherman house. Upon their return they will be at home at 18 Brackenridge street. Many beautiful and useful presents from friends, both in this city and elsewhere, were substantial tokens, because with them the best wishes of the donors. Mr. Tolan and his bride have hosts of friends who will extend a universal greeting for their future happiness.

They are to be sentenced Thursday. The crime for which the men are held is the looting of $25,000 of the safe Barlington and Quincy bonds, and $37,000 in cash from the bookcase and safe of A. Poore, of Elizabeth, N. J. Both of the men were discovered by a secret service detective in Carpenter's room at the Grand Union hotel.

A MARRIAGE OF LOVE

Has in it All the Sweets of Life—Prominent Nuptials Take Place in This City Today.

A most delightful wedding occurred at the home of the bride on Lafayette street this morning at 9 o'clock, when Miss Mary Belle Black, daughter of Mr. and Mrs. Robert Black, and Mr. Paul Rodelsperger were united in the holy bonds of matrimony. The ceremony was performed by Rev. Dr. Moffat, pastor of the First Presbyterian church, in the presence of about 100 guests. The house was beautifully decorated with flowers, ferns and potted plants, the color scheme being white and green. The bride was attended by Miss Ella Black, sister of the bride, as bridesmaid, and Mr. Frank Rodelsperger, brother of the groom, as best man. The bridesmaid wore a dress of white organdie muslin over white silk, and carried a bouquet of white carnations. The best man wore the conventional black. The bride was given away by her father, Mr. Robert Black, and entered the parlor on his arm, preceded by the bridesmaid and best man. The bride wore a handsome dress of white organdie muslin over white silk, and carried a bouquet of bride roses. The ceremony was performed under an arch of white and green, and was witnessed by relatives and friends of the bride and groom. Immediately after the congratulations a delicate luncheon was served by Caterer Seidel, and soon thereafter the bridal couple left on the Columbian express for Chicago, where for a few days they will be registered at the Sherman house. Upon their return they will be at home at 18 Brackenridge street. Many beautiful and useful presents from friends, both in this city and elsewhere, were substantial tokens, because with them the best wishes of the donors. SCRATCHED 3 YEARS

Suffered, Scratched, and Bled. Doctors No Relief. Cured by Two Sets Cuticura Remedies.

I was so anxious for this to be known that I could not rest. I had been scratching for three years, and had tried all the doctors and all the remedies I could hear of, but got no relief. I had given up hope of ever being cured. After using two sets of the CUTICURA REMEDIES, and taking only one cake of CUTICURA SOAP, I was entirely cured. I have not had a sore spot on me since. I feel like a new man, and have no more use for CUTICURA REMEDIES. I am thankful to say that I am entirely cured, and have no more use for CUTICURA REMEDIES. I am thankful to say that I am entirely cured, and have no more use for CUTICURA REMEDIES.

He was a man of great ability and learning, and was one of the most prominent men of his time.

There will be at least four presidential tickets in the field this year. The republicans, the democrats, the populists and the prohibitionists will be represented in the contest and will assume distinct and aggressive attitudes in the quadrangular fight. This division of the voting strength of the country may lead to some unexpected complications, but it is not likely to defeat the cause which is of supreme interest to the American people. The paramount issue now before the public is the tariff. The one thing that is demanded by the masses is reduced taxation, and with Mr. Cleveland in the race as the champion of that idea it is not difficult to foresee that the party which he represents will suffer less by reason of third and fourth party competitors than the organization which is committed to the doctrine of prohibitory protection.

Education is for the purpose of developing and cultivating the thinking power. It is to the end of making a knowing, thinking mind. The highest education is for the realization of broad knowledge and wide thinking. When we know this we know that the sister in a household should be educated as her brother is educated; that the mother should have the power by reason of her own notions thought on literature, history, art, the varied good things of life, to guide and train the thought power of her children; that the wife should be in intellectual oneness with her husband, ever stimulating and inspiring him by her thinking and never giving him opportunity to depreciate, or seem to depreciate, her mental capacity in comparison with his own. It is too late in the world's history to think that a woman's mind is not of as much consequence as a man's mind, or that, whatever may be her peculiar sphere, she is to be richly, broadly and, if we may use the word, thoughtfully educated as well as he.

Pharaoh is the oldest known specimen of recorded language in the world to day are the inscriptions on the door sockets and brick stamps found at Nitter by the Babylonian exploration expedition of the University of Pennsylvania which has recently returned. The brick stamps, which are of yellow clay about four or five inches, and much in this knee, bear the name and titles of King Nin-Sun-on and his son Naram-Sin, who lived about 3800 B. C. and they were taken from the mound which covers the site of ancient Nippur, with its famous temple of Bel. The expedition also found many other objects of interest, such as clay tablets containing contracts, lists of goods in temple inventories, art fragments, and images sold by the temple fakirs. These throw much light on the history of the people as opposed to that of the kings, and the work of the expedition carries Babylonian records back 1,000 years to a time of which practically nothing has hitherto been known. The antiquities found are now in the university museum.

The most remarkable sentence in the speech of President Harrison to the congratulating crowd after his nomination was this: "I have felt great regret that I was unable to find a cabinet place for every deserving friend; but I have insisted that I did not disparage those I could not appoint to place." This is a most naive remark from a president but it shows clearly Mr. Harrison's view of public office. It is a reward for his friends. He laments that there were not spoils enough. The qualification for public service is friendship for him. "I am sorry," he says to his party associates, "that I could not reward all of you." Patriotism, disinterested support of principles, the duty of an honest exercise of the franchise these are considerations that do not occur to him. He is sorry only that he could not pay with a public salary those who voted for him. A simpler and more childlike profession of faith in spoils as the mainspring of the duty of a citizen, we do not recall, and the president clinches it with the deprecation that he does not disparage those to whom he has nothing to give.

CHASE'S RENOMINATION.

The republican state convention, which convened in this city yesterday, nominated Ira I. Chase, the present incumbent of the gubernatorial chair, as their candidate for governor. It was no doubt the best nomination the republicans could have made, and on all sides the nomination is considered as a strong one, as the balance of the ticket. But that the democracy can beat the ticket nominated yesterday is generally conceded and this we will do in November. Governor Chase, your name is Dennis.

TEAM ON A TEAR.

Horses and a Hand Wagon Get Into a Bad News.

This morning a team of horses attached to a large hand wagon were left standing in front of Barnum's livery stable and were left unattended while the driver went into the barn to procure a whip. The animals started off, and having things all their own way, made things pretty lively. The runaway was stopped beyond the limits of Lakeside, but not until the rig was badly wrecked. The outfit is owned by Mrs Barnum.

The Plymouth Institute company, of Warsaw, Ind., has just opened a branch office for the cure of the liquor and morphine habit at No. 1719 Gadrect, northwest, Washington, D. C. The "Boston cure" was found to be already known to a considerable number of Washingtonians, who had learned to value it above other cures because of its more general success. Dr. Geddes is an Indianan who has resided for fifteen years at the national capital. His office and residence is within two blocks of the white house.

AS VIEWED BY OTHERS.

The State Convention as Seen by an Out-of-Town Correspondent.

The correspondent of the Indianapolis News sent the following telegram to his paper early yesterday morning:

In the bright sunlight of the early morning the four republicans who were here to attend the republican state convention began assembling about Princess rink. Many of them had spent the night in marching up procession about the streets, others had devoted their energies to a more or less successful effort to get a chance to sleep, while comparatively few of them had gone to bed at a reasonable hour, and were in good trim for the opening morning. That tired feeling was manifest in the faces of most of them, but in spite of it all, they were still enthusiastic and filled with the spirit of the great convention hall. A large wooden structure, many rafters of which still in evidence, one might think, the orchestra of Noble's theater in the palmy days of patriotic coloring on the interior. Streamers, flags, guidons and shields covered the walls, the stage and the huge columns that supported the roof. Over the front of the balcony, over the stage, was a flag framed picture of President Harrison, and on the right and left of it pictures of Garfield, Grant, Blaine and Lincoln, while the main entrances were other pictures of the president, and not a few of the plumed knight, who had a sub-station following from this city to Indianapolis during the recent proceeding the nomination by the republican national convention.

The vast crowd, far too great for the accommodations provided, began to surge into the hall long before the hour for the convention to meet. It was a vast throng, at first very good humored, but later on not so kindly disposed. Apparently every body has rights but the delegates and newspaper men, who were crowded out of their places and run over. The aisles were packed, hundreds stood on seats in order to hold them, and the police and sergeant-at-arms struggled in vain to get order out of chaos. There was a wild outburst of cheering when Governor Chase came in, and after it had partially subsided there went up a mighty shout in unison, "What's the matter with Chase?" and the answer, "He's all right." Hon. C. W. Fairbanks, the permanent chairman, came in a side door and his head towered above those around him. He was recognized and gave a most enthusiastic ovation.

When 10 o'clock came, it was plainly evident that the convention could do no business on account of the crowd. The band played patriotic airs, there were cheers for Harrison and almost everybody else. Chairman Goudy pounded for half an hour and finally when something like order was restored although the delegates were still crowded out of their places, Judge Binkley, of Richmond, tried to get in a motion to adjourn until afternoon. He was hooted out of order, and the chairman announced that no motion would be entertained until the organization was completed.

A respectful hearing was given the prayer, but when Ros Hawkins tried to read the report of the committee on permanent organization, pandemonium broke loose. Delegates shouted for recognition, some of them swore, and all of them were mad. The report of the committee was read just the same, although not a line of it was heard by anybody except those on the stage, save the first announcement that the permanent chairman was to be Mr. Fairbanks, and again there were cheers and jeers. Such a scene has probably never before been witnessed in a republican state convention in Indiana. It was a wild, disorganized mob in the opening hour, and the fine personal popularity and dignified bearing of Chairman Fairbanks prevented it from absolutely breaking up.

His speech was delivered in a manner that commanded attention. In the opening sentences there were frequent plaudits, but it was not until he mentioned the name of President Harrison that the enthusiasm broke loose in a mighty torrent. Flags and banners were waved on high, while the crowds shouted and cheered until physical exhaustion prevented further demonstrations of this kind.

The ladies on the stage added to the enthusiasm by waving their handkerchiefs and parasols. "Protection and reciprocity, honest money and an honest ballot," was one of the declarations that was most applauded. Mr. Fairbanks' speech was a model of its kind, and the enthusiasm his vigorous declarations evoked served to allay much of the discontent and anger of those who were almost fighting for a place on the floor.

THE FIGHT FOR ADJOURNMENT.

The fight for adjournment, which was ostensibly for the purpose of getting the hall cleared of meddling outsiders, but in reality was a move on the part of the anti-Chase men to get more time, was then resumed, but the temper of the convention was evidently against adjournment. Those who were already in did not want to take any chances on being barred out on a new deal, and those who had chairs would not give them up for love or money. There was a great row over the motion to adjourn until 4 o'clock, but the vote in the affirmative can in no sense be considered a test of the anti-Chase strength, for hundreds of delegates, who would not on any place from their seats, voted for the motion out of sheer disgust. It was absolutely impossible to do any work in that howling mob that overran everything and everybody. There were few police, and the sergeants-at-arms were totally unable to do anything. It was the worst black eye Fort Wayne has received in the handling of the convention and the crowd, and the fault was in giving out fully 20,000 more tickets than there were seats, and allowed any body who had a ticket to occupy any chair into which he could get. Such palpable mismanagement and inefficiency was never before seen in a state convention.

STRICT MEASURES.

Two Ordinances that Will be Rigidly Enforced.

Marshal Franke said to a SENTINEL reporter today that he would start out this week and see that two new ordinances are put into effect and rigidly enforced. One is the ordinance prohibiting the placing in the streets and other places, papers, dirt, chips, shells, ashes, swill, sweepings or other rubbish. The other one is the ordinance prohibiting the hauling of slops in unbelcosed vehicles.

A full rehearsal of the Trinity Episcopal church choir was given in the parish house on Monday evening, in the presence of some of the members of the church, after which a very enjoyable luncheon was served by the young lady members. Much gratification was expressed by those present at the rapid progress made by the choir during the very short time they had studied, several musical exercises being rendered in a highly creditable manner, proving that all the singers were taking an active interest in their work. Very much credit is due to Prof. R. L. Ayers for the strenuous and successful efforts he has made during the short time he has been in the city. All the students are receiving a thorough course of vocal training free of cost to themselves in consideration of their giving their services in the choir. The number of voices at present in training are Eighteen sopranos, six altos, five tenors and eight bases. There is still an opportunity for any one desirous of entering the class and Professor Ayers will be pleased to receive applications. It is necessary, however, that regular and close application should be given by all concerned in order to commence using the vested choir in the church services on the first Sunday in September as is now hoped to have accomplished.

Richard A. Jones, (colored) publisher of the Cleveland Globe, is in the city. He is a prominent democrat in the Buckeye state and bears letters of introduction from such leaders as ex-Governor Campbell, ex-Senator Payne and others. Mr. Jones was a candidate for legislative honors last fall and ran well with the other nominees. He was before the recent state convention as a candidate for nomination as a member of the board of public works and received a hand some vote. He was the first colored man to appear before a state convention as a candidate for a state position in Ohio. Mr. Jones is chairman of the colored democratic national executive committee and is traveling this state in the interest of his party. As stated in last evening's SENTINEL Mr. Jones will deliver an address before the ratification meeting in this city tomorrow evening and desires all colored people to turn out, as he has something of great importance to say particularly to them.

Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tested its virtues personally, and know that for Dyspepsia, Biliousness and Torpidity of the Liver it is the best medicine I ever used in my family. Rev. J. C. Reddish, Editor Southern Methodist, Atlanta, Ga.

Krause's Headache Capsules—Warranted.

Read This Letter From a Chicago Lady.

CHICAGO, 735 W. Adams St., April, 20, '91

MR. NORMAN LICHTY, Des Moines, Ia.:

Dear Sir—A sample of KRAUSE'S HEADACHE CAPSULES was left in my husband's office a few days since, and as I am subject to headaches—neuralgic, nervous, and in fact every other kind—he thoughtfully brought the sample box home. The very next day I had a chance to try them and one CAPSULE relieved me in less than half an hour. Next day I was attacked again, took another capsule with the same delightful result, in less than half an hour my head felt as well as ever, with no bad feeling as the after result. I have had these terrible headaches for twenty years, and have tried every remedy I ever heard of, but nothing I have ever taken has cured or relieved me as QUICKLY as KRAUSE'S HEADACHE CAPSULES. MRS. N. A. SKINNER.

"Have I any objections to your printing a portion of my letter? NO! If my testimony will induce any one who suffers with headache to buy your CAPSULES I will be glad."

MRS N. A. SKINNER.

GOOD FOR GORMLEY.

A Well-known Roller Maker of the Pittsburg Shops Relates His Experience.

"I was badly afflicted," said Mr. Thomas Gormley, of 74 Melita street, who is employed in the boiler shop of the Pittsburg, Fort Wayneand Chicago railroad, "with catarrhal troubles and lost flesh. I had a very poor appetite and a severe pain in the head. There was a continual sense of fullness across the front of my head. My eyesight became impaired and I appeared to see spots floating before my eyes continually and they were weak and watery. My hearing became defective and there was a continual ringing and hissing sound in my ears. Was also annoyed by frequent dizzy spell-

MR. THOMAS GORMLEY.

ing. I began to take cold easily, in fact I would often have a cold and not know how I got it. My nose stopped up continually, first on one side and then on the other. There was a discharge, and my breath became very offensive. I never appeared to get enough sleep, and got up in the morning feeling more tired than when I went to bed. When I would sleep I would have unpleasant dreams. There was a feeling of fullness in my throat, which caused a tickling, and I was obliged to hawk and spit to clear it. Also had a cough, which was much worse in the winter. I would spit up a slime that appeared to come from my throat and was very much annoyed by it.

"I felt oppressed and bloated after eating, and there was a shortness of breath after exertion. I would also ure very easily

"These were my symptoms when I began treatment at the Stackhouse Medical Institute, but since taking treatment they have almost entirely disappeared. I am thoroughly satisfied with the treatment and progress in my case and have full confidence in the doctors. Will be pleased to answer all inquiries in regard to the successful treatment I received at the Institute

THESE THREE—DO YOU KNOW THEM?

Dora Fahlsing, of 87 Bartholf street, suffered from a severe case of catarrh of a years standing. Her mother says:

"A year ago Dora became troubled with severe headaches, loss of appetite, weakened eyesight, defective hearing, and all the symptoms accompanying catarrh, in its worst form I took her to the Stackhouse Medical Institute for treatment. Her improvement was marked from the first, and today every symptom she had is greatly improved, and most of them entirely gone"

Says Mr. L. D. Benedict, who is employed at the Wheel works and resides at 110 Wallace street

"Having a most deplorable case of catarrh of four years' standing, I visited the Stackhouse Medical Institute and placed myself in their hands I soon noticed a change for the better, and I am so much improved that I would advise all who are afflicted to go and see the doctors without delay."

Mr. C. V. Strebig, the well known engineer at L. Diether & Bros' Planing mill, says of the Stackhouse Medical Institute

"I heartily recommend these physicians to the public. Their treatment is splendid and I cannot say enough of the results in my case."

MODERN Germany is a paradox. In religion a nation of skeptics; in science a nation of iconoclasts. For tradition and dogma the Germans have but scant reverence, yet it has taken hunger and poverty to drive them into an attitude of hostility to the overbearing young monarch, who proclaims himself the right hand of God and declares that the Almighty is vitally interested in the prosperity of his house. The marvel is that only the turbulent elements in Berlin are arrayed in open revolt. It would seem that the insolent demeanor of the scion of the house of Hohenzollern would be peculiarly irritating to that vast body of highly educated and intellectually emancipated men who have put Germany first among enlightened nations. It will not be extraordinary to see them engaged in other than parliamentary opposition to the half mad Hohenzollern.

CHILE is having our public school system investigated with a view to its adoption. Mr. Montt will take notice that it includes the flying of the American flag.

IT is pleasing to note, by a floating item, that a successful street-sweeper has been invented by a woman. That is, it is pleasing unless those long-trained dresses are referred to.

It Saves the Children.

Mr. C. H. Shawen, Wellsville, Kan., says: "It is with pleasure that I speak of the good Chamberlain's Colic, Cholera and Diarrhoea Remedy has done my family during the last fourteen years. In the most obstinate cases of summer complaint and diarrhoea among my children, it acted as a charm, making it never necessary to call in a physician. I can truthfully say that in my judgement, based on years of experience, there is not a medicine in the market that is its equal. For sale by druggists.

It is said, apparently on some authority, that the ex-President of a great transportation company who lately retired under a cloud has applied to the company for a pension. We have recently seen the President of a great life insurance company retire—if not under a cloud, at least in a sort of haze—upon a munificent pension. These circumstances, together with the pregnant fact that there are now on the Government pension rolls about as many persons as there are survivors of the late war in the country, suggest that the pension habit seems to be getting a tolerably fair hold in our midst.
